

St. Peter's High School
Agreement to Review Alma

Parents:

We use the term student/athlete because it is important that anyone participating in an athletic endeavor is a student first and an athlete second. We realize that the demands of a student/athlete's time and energy is great, however those demands should not take away from their education.

With that in mind, a coach may want to partner with you by reviewing Alma to help your student athlete keep up with their class work.

I do not want to grant access to Alma.

I give my permission for a coach to review Alma.
